Item 3. PUBLIC QUESTION TIME

Darryl Sermon representing Ballidu Progress Group provided an overview of the design of Ballidu Entry Statements Signage and proposed installation location.

Councillors extended their support for the proposal and that further consideration would be discussed at the Informal Council Meeting.

Pamela Toster expressed her gratitude to Elected Members and Shire Staff for what they do and their efforts particularly staff from CRC, Jack McNulty, Kim Walsh and Karl Mickle for their assistance with Ballidu projects including Bike It To Ballidu, and leaving vegetation in place and the change in policy regarding backslopes.

Ballidu has things going for it as a quaint historic town.

The Ballidu Community wants to be able to say:

1. Our town is beautiful.
2. We feel valued and appreciated.
3. That the Pathways to 2031 is important and not just words on paper.

The Chief Executive Officer advised the meeting that Strategic Community Plan culminated as a result of community feedback and captures the community direction for Councillors and Shire in the next ten years. The Corporate Plan is currently being developed and outlines how and the Shire will do implement projects and services to support the that Strategic direction. In short Strategic Community Plan is 10-year overview of what the Community and Shire aspire to and the Corporate plan provides the resources and projects to achieve the Community Strategic Plans Aspirations

Pam Toster requested that more emphasis is placed on Communication and suggested the development of Community Advisory Groups that would be able to assist with communications. Ballidu Progress Group would be happy to post notices on community boards to assist in catering for older generation who do engage in social media, website platform or receive the Wonga-Balli Boomer.

The Chief Executive Officer acknowledged that it is challenging to develop communication styles to suit everybody. Council is working on how to communicate better with community more effectively.

As secretary of the Ballidu Progress Group Ms Toster offered to receive and distribute notices to the Ballidu residents.

Dawn Vaughan expressed her thanks to Shire for works on ramp at hall and noted that it is a great asset to everybody. There are a few things that we would like to have done.

1. Road Verge at front of hall to drive into carpark is still not fixed.
2. New door and frameworks, hand towel holder for toilets at Bunya Park.
3. Improve Communication
4. A walk around of the township to discuss what could be done for Ballidu to make it more beautiful.
5. More time from Shire to tidy the Ballidu township.
6. Supply and install of mulch.
7. Information on what is happening with the school?

Pam Toster notified the meeting that during a discussion with Grace Ferriday of Department of Planning, Lands and Heritage, regarding the Ballidu School Site, it was mentioned that if the building is separated from the land, we could get the building and not the land.

The Chief Executive Officer advised the meeting that the property is a State government building on government land and subsequently the Shire is not involved with or has any jurisdiction over the property. There has been some feedback that they are talking to Southwest Aboriginal Land and Sea Council as part of the disposal of Land process. If Ballidu residents or groups have ideas and suggestions as to acquiring the property, then they are able to approach the Department directly.

Ross Lane reported to the meeting that Fire Danger Rating System has undergone changes. Rating for Harvest ban is now 40 and Total Fire Ban is 50. Chief Bush Fire Control officer has the authority to implement harvest and vehicle movement bans which need to be communicated to the community.

Ross Lane also expressed gratitude to the Shire and Councillors for support and input of fire services in the community over the years for the entire Shire, not just Ballidu and not just Wongan Hills.

Darren Lehman reported that there are some doors that are in disrepair and need replacing. Manager of Regulatory Services confirmed receipt of maintenance request for door replacements and currently awaiting the arrival of hardware so that works can be completed.

Darren Lehman expressed concerns that the presence of CBH in Ballidu is necessary to keep the town alive. Pam Toster confirmed that Ballidu Progress Association lobbied hard to get CBH to develop a receival point in Ballidu in 2007/8.

Meeting adjourned at 3.58pm.

Meeting resumed at 4.26pm.

LEGISLATIVE REQUIREMENTS:

5.42. DELEGATION OF SOME POWERS AND DUTIES TO CEO

- (1) A local government may delegate* to the CEO the exercise of any of its powers or the discharge of any of its duties under this Act other than those referred to in section 5.43.

* *Absolute majority required.*

- (2) A delegation under this section is to be in writing and may be general or as otherwise provided in the instrument of delegation.

[Section 5.42 amended by No. 1 of 1998 s. 13.]

5.43. LIMITS ON DELEGATIONS TO CEO'S

A local government cannot delegate to a CEO any of the following powers or duties: -

- (a) any power or duty that requires a decision of an absolute majority or a 75% majority of the local government;
- (b) accepting a tender which exceeds an amount determined by the local government for the purpose of this paragraph;
- (c) appointing an auditor;
- (d) acquiring or disposing of any property valued at an amount exceeding an amount determined by the local government for the purpose of this paragraph;
- (e) any of the local government's powers under section 5.98, 5.98A, 5.99, 5.99A or 5.100;
- (f) borrowing money on behalf of the local government;
- (g) hearing or determining an objection of a kind referred to in section 9.5;
- (h) any power or duty that requires the approval of the Minister or the Governor; or
- (i) such other powers or duties as may be prescribed.

AUTHOR:	Sam Dolzadelli - Deputy Chief Executive Officer
ATTACHMENTS:	9.2.2 Financial Reports

PURPOSE OF REPORT:

The purpose of this report is to present to Council the Monthly Financial Report (containing the Statement of Financial Activity by Nature or Type) for the month ended 31 August 2022. The Capital Works report has been incorporated into this.

BACKGROUND:

Under the *Local Government (Financial Management) Regulations 1996* ('FMR') the Council is to prepare financial reports outlining the financial operations at the previous month end date.

The State Government has recently amended regulation 34 of the *Local Government (Financial Management) Regulations 1996* to require the Statement of Financial Activity to be presented according to nature or type classification.

Listed below is a compilation of the reports that will meet compliance, these are listed under Sections and the relevant regulations below.

Statement of Financial Activity Report

Section 6.4 of the *Local Government Act 1995* regulation 34.1 of the FMR requires a local government to prepare each month a statement of financial activity reporting on the sources and application of funds, as set out in the annual budget containing the following detail:

- Annual budget estimates;
- Budget estimates to the end of the month to which the statement relates (known as YTD Budget);
- Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates (known as YTD Actuals);
- Material variances between the comparatives of Budget v's Actuals; and
- The net current assets (NCA) at the end of the month to which the statement relates.

Regulation 34.2 - Each statement of financial activity must be accompanied by documents containing:

- An explanation of the composition of the net current assets of the month to which it relates, less committed assets and restricted assets; and
- An explanation of each of the material variances; and
- Such other supporting information as is considered relevant by the local government.

Regulation 34(3) - The information in a statement of financial activity must be shown according to nature or type classification.

Regulation 34(5) - Each financial year a local government is to adopt a percentage or value, calculation in accordance with AAS5, to be used in statements of financial activity for reporting material variances.

POLICY REQUIREMENTS:

Council Policy 4.8 - Monthly Financial Reporting Requirements.

LEGISLATIVE REQUIREMENTS:

- *Local Government Act 1995*
- Local Government (Financial Management) Regulations 1996
- Expenditure from the municipal fund not included in the Annual Budget must be authorised in advance by an absolute majority decision of Council pursuant to section 6.8 of the *Local Government Act 1995*

STRATEGIC IMPLICATIONS:

There are no Strategic Implications relating to this item.

SUSTAINABILITY IMPLICATIONS:

- **Environment**
There are no known environmental impacts associated with this proposal.
- **Economic**
There are no known economic impacts associated with this proposal.
- **Social**
There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

Material variances are disclosed in the Statement of Financial Activity.

As part of the adopted 2022/23 Budget, Council adopted the following thresholds as levels of material variances for financial reporting.

In accordance with regulation 34 (5) of the Local Government (Financial Management) Regulations 1996, and AASB 1031 Materiality, the level to be used in statements of financial activity in 2022/23 for reporting material variances shall be:

- (a) 10% of the amended budget; or
- (b) \$10,000 of the amended budget.

whichever is greater. In addition, that the material variance limit be applied to total revenue and expenditure for each Nature and Type classification and capital income and expenditure in the Statement of Financial Activity.

The financial reports for the period ending 31 August 2022 are attached to the Council Agenda.

COMMENT:

Shire of Wongan-Ballidu
Variance Report 31 August 2022

The Local Government (Financial Management) Regulations 1996 require that financial statements are presented monthly to council. Council has adopted 10% as its threshold for line items on the nature or type report shown on page 1. This report uses a traffic light system to flag those items that are within tolerance and others that fall out of the range. Variances are calculated using a comparison of year to date actual against year to date budget. It needs also to be noted that the early months of the financial year are a period when variance percentages are volatile and extremely sensitive to small movements in actual income and expense.

Code	Variance Actual to YTD Budget	Variance reason	Report Section	Comments
Operating Income				
✓	(594)	Within Threshold	Rates	Within Council variance reporting threshold.
✓	32,315	Within Threshold	Operating grants, subsidies and contributions	Within Council variance reporting threshold.
✓	(37)	Within Threshold	Fees and charges	Within Council variance reporting threshold.
✓	754	Within Threshold	Other Revenue	Within Council variance reporting threshold.
✗	10,167	Permanent	Interest	Favourable - Banks have passed on the increase in interest rates by the RBA to curb inflation. The Shire's cash deposit investment account interest and reserves interest will be higher than the budget. Additional municipal interest can be allocated during budget review.
✓	0	Within Threshold	Profit on sale of Assets	Within Council variance reporting threshold.
Operating Expenditure				
✓	(27,521)	Within Threshold	Employee Costs	Within Council variance reporting threshold.
✗	(60,029)	Timing	Materials & Contracts	Unfavourable - Timing variance. Fuel tracking over budget (\$20k), monitor and re-assess at budget review. POC under-allocated (\$35k).
✗	10,064	Timing	Utilities (Gas, Electricity) etc.	Favourable
✗	11,768	Timing	Interest	Favourable
✗	(27,284)	Timing	Insurance	Unfavourable - Timing variance. Second instalments to be paid in September. Some insurance premiums are paid in a single instalment and others over two instalments. \$10k insurance works not budgeted for, offset by insurance claim reimbursements.
✓	4,719	Within Threshold	Other General	Within Council variance reporting threshold.
✓	(12,389)	Within Threshold	Loss on Asset Disposals	Within Council variance reporting threshold.
✗	419,984	Timing	Depreciation	Depreciation has not been processed in the system, as the asset register is to be audited for end of financial year.

9.2.3 BUSHFIRE RISK MANAGEMENT PLAN - ENDORSEMENT

FILE REFERENCE:	L1.9
REPORT DATE:	19 September 2022
APPLICANT/PROPONENT:	N/A
OFFICER DISCLOSURE OF INTEREST:	Nil
PREVIOUS MEETING REFERENCES:	Nil
AUTHOR:	Sam Dolzadelli - Deputy Chief Executive Officer
ATTACHMENTS:	Bushfire Risk Management Plan

PURPOSE OF REPORT:

The purpose of this report is to present to Council the Bushfire Risk Management Plan (BRMP) in its final form for endorsement, as endorsed by the Office of Bushfire Risk Management (OBRM).

BACKGROUND:

Under the State Hazard Plan for Fire, local governments are required to produce a Bushfire Risk Management Plan. The plan is a living document that details the risk from bushfire to identified assets and allows treatments remedies to be applied and records maintained of all works done. Once the BRMP is endorsed by the OBRM, it also qualifies the Shire as eligible to apply for funding under the Mitigation Activity Fund (MAF).

POLICY REQUIREMENTS:

Nil

LEGISLATIVE REQUIREMENTS:

- *Section 2.2.8 of the State Hazard Plan – Fire* states local governments identified as having high or extreme bushfire risk are required to develop and integrated BRMP outlining a strategy to treat or reduce bushfire related risk across all land tenures. This plan is to be reviewed by the OBRM and endorsed by Council.

STRATEGIC IMPLICATIONS:

There are no Strategic Implications relating to this item.

SUSTAINABILITY IMPLICATIONS:

- **Environment**
There are no known environmental impacts associated with this proposal.
- **Economic**
There are no known economic impacts associated with this proposal.
- **Social**
There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

Nil

COMMENT:

Under the *State Hazard Plan for Fire* an integrated Bushfire Risk Management Plan (BRMP) is to be developed for local government areas with significant bushfire risk. This BRM Plan has been prepared in accordance with the requirements of the OBRM BRMP Guidelines, the State Emergency Management Policy and the Guidelines for Preparing a Bushfire Risk Management Plan (Guidelines). The risk management processes used to develop this BRMP are aligned to the key principles of *AS/NZS ISO 31000:2009 Risk management – Principles and guidelines*, as described in the Second Edition of the *National Emergency Risk Assessment Guidelines* (NERAG 2015). This approach is consistent with the policies of the State Emergency Management Committee, specifically the *State Emergency Management Policy 3.2* and *State Emergency Management Prevention and Mitigation Procedure 1*.

This BRMP is a strategic document that identifies assets at risk from bushfire and their priority for treatment. The Treatment Schedule sets out a broad program of coordinated multi-agency treatments to address risks identified in the BRMP. Government agencies and other land managers responsible for implementing treatments participate in developing the BRMP to ensure treatment strategies are collaborative and efficient, regardless of land tenure.

9.2.4 APPOINTMENTS OF SHIRE RANGER AS BUSH FIRE CONTROL OFFICER

FILE REFERENCE:	
REPORT DATE:	20 September 2022
APPLICANT/PROPONENT:	
OFFICER DISCLOSURE OF INTEREST:	Nil
PREVIOUS MEETING REFERENCES:	Nil
AUTHOR:	Sam Dolzadelli, Deputy Chief Executive Officer
ATTACHMENTS:	Nil

PURPOSE OF REPORT:

To appoint the new Shire Ranger, Irene Ryan, as a Bush Fire Control Officer for the Shire of Wongan-Ballidu.

BACKGROUND:

A new contract Ranger has recently commenced with the Shire. The Shire Ranger is responsible for inspecting fire breaks within the district, to ensure compliance with the requirements set out in the firebreak notice. In order to inspect certain firebreaks, access to private property will be required. The power to enter land or building for examining firebreaks is convened on a Bush Fire Control Officer under section 14(1) of the *Bush Fires Act 1954*.

POLICY REQUIREMENTS:

Council Policy 1.1 - Bushfire.

LEGISLATIVE REQUIREMENTS:

- *Local Government Act 1995*
- *Bush Fires Act 1954*
 1. Section 38(1) states a local government may from time to time appoint such persons as it thinks necessary to be its bush fire control officers.
 2. Section 39(1)(b) states a bush fire control officer may enter any land or building, whether private property or not.
 3. Section 14(1)(c) states a bush fire control officer can enter any land or building at any time to examine firebreaks on the land

STRATEGIC IMPLICATIONS:

There are no Strategic Implications relating to this item.

SUSTAINABILITY IMPLICATIONS:

➤ **Environment**

There are no known environmental impacts associated with this proposal.

➤ **Economic**

There are no known economic impacts associated with this proposal.

➤ **Social**

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

Nil

COMMENT:

It is best practice to appoint the Shire Ranger as a Bush Fire Control Officer under the *Bush Fires Act 1954*, as this empowers them to enter any property to examine firebreaks for compliance with the firebreak notice. As the due date for firebreaks is 13 October, it is imperative that this appointment be made prior to this date, to enable the Ranger to inspect firebreaks within the district for compliance as the fire season approaches.

It is recommended the Shire Ranger, Irene Ryan, be appointed as a Bush Fire Control Officer on an on-going basis, until termination of contract.

9.3 WORKS AND SERVICES

9.3.1 2022/23 BITUMEN

FILE REFERENCE:	
REPORT DATE:	16/09/2022
APPLICANT/PROPONENT:	Shire of Wongan-Ballidu
OFFICER DISCLOSURE OF INTEREST:	Nil
PREVIOUS MEETING REFERENCES:	Nil
AUTHOR:	Karl Mickle (MWS)
ATTACHMENTS:	Individual Pricing

PURPOSE OF REPORT:

The purpose of this report is to provide sufficient information summarising the results of the submissions called, for the supply and laying of bitumen products for the 2022/23 financial year to enable Council to award the contract for this service.

BACKGROUND:

As the Shire's proposed bitumen sealing programme for the 2022/23 financial year exceeds \$150,000.00 it was necessary to call tenders for the service.

This process was done with WALGA preferred supplier-e-Quotes which allows us to submit tender requirements online.

The submission called for a complete bitumen service, which included the supply/spray of bitumen, the supply/spread of aggregate, rolling, sweeping and traffic management within the Shire of Wongan-Ballidu up to the 28th July 2023.

Submission closed at 5pm Friday 19 August 2022.

SCHEDULE OF RATES

Please refer to the attachment.

COMMENT:

The included table shows the quoted figures from the (3) suppliers, as well as the Budget figures. In all cases, variations are noted between both the total tender price and the variance between the "fixed" price and the "rise & fall" price.

Bitutek

Since its formation in July 2012 Bitutek has sprayed over 127 million litres of bitumen throughout Western Australia. Bitutek also has the largest fleet of bulk bitumen tankers in Western Australia. With 18 prime movers and 5 bulk bitumen trailers Bitutek has the capacity to move upwards of 1,000,000 litres of bituminous product on any given day and is a key supplier to spray seal contractors and asphalt companies across the state.

Boral

Boral was previously contracted in 2021-2022 & 2020-21- & 2018-19 for the Shire of Wongan-Ballidu, they have a good track record, but unfortunately did not submit any costings in 2019-20.

We have only encountered one minor issue, the quality on one job that was not up to usual standard, but Boral returned and rectified when weather conditions improved at their cost.

Downer

Downer Group employs approximately 56,000 people across more than 300 sites, primarily in Australia and New Zealand but also in the Asia-Pacific region, South America and Southern Africa. Downer operates out of Maddington, Western Australia, which houses the majority of management and support staff and also maintains regional offices in Geraldton and Karratha.

They support state government departments and more than 350 local government authorities. Downer is a national supplier.

Pricing

With relation to the pricing options, Council has two choices. The first is to eliminate any risk associated with bitumen price fluctuations (**GMP**) and choose the "fixed" tender price, whilst the second is to take the risk and choose the "rise & fall" price.

Bitumen prices have increased from \$1256.20 to \$1576.20 per tonne over the last 12 months, which equates to a 25% increase.

Bitumen prices have increased \$320 per tonne in 12 months and the general trend is that from August to February is when demand and price for bitumen increases.

The current financial pressures felt globally are expected to remain.

Current suppliers have indicated a likely decrease of up to a \$5.00 per tonne by January 2023.

However, if Council were to select the "rise & fall" option, it risks significantly eroding this saving if the bitumen price (**GMP**) increases over the next 6 months at an accelerated rate above those trends shown previously. The worst-case scenario would be for the bitumen price (**GMP**) to exceed the current trend and thus create a deficit.

In the author's opinion, the potential "rise & fall" savings of (\$179,329) is a significant amount. The conservative approach would be to select the fixed price option.

The current 5-year trend is that the price of bitumen price will increase by around 7% between August & February each year.

Based on this trend and the current pricing, and if the bitumen was to increase by 10% over this period, we would still have significant savings. (As stated in schedule of rates attached)

Based on the current price of bitumen and the potential savings with rise and fall option, the staff recommendation would be to accept the tender from Boral Asphalt (WA) for a Rise & Fall contract to supply and lay bitumen products within the Shire of Wongan-Ballidu for 2022/23.

In relation to potential savings based on budget estimates, selecting Boral on a Rise & Fall price contract would realise potential budgetary saving of \$179,329.

5-year comparison of rise & fall and fixed pricing as indicated in graphs below.

5 Year Comparison

The trend over the last 5 years has indicated potential savings with the rise & fall option. The risk associated with this, is if the bitumen prices (GMP) increase above the current trends this would affect potential savings with the rise and fall option. The worst-case scenario is that this would also affect any budget savings.

POLICY REQUIREMENTS:

- Purchasing and Procurement Policy

LEGISLATIVE REQUIREMENTS:

- Local Government Act 1995 – 3.57 – Tenders for providing goods or services.
- Local Government (Function and General) Regulations 1996 – Part 4.

STRATEGIC IMPLICATIONS:

Ensuring the most reliable and cost-efficient service is provided, in line with Council's strategic direction of ensuring that existing infrastructure is maintained and renewed to meet identified service and amenity levels.

SUSTAINABILITY IMPLICATIONS:

➤ **Environment**

There are no significant environmental implications.

➤ **Economic**

There are no significant economic implications.

➤ **Social**

There are no significant social implications.

9.4.2 APPLICATION FOR DEVELOPMENT APPROVAL P527 – R-CODE VARIATION PROPOSED NEW OUTBUILDING AT LOT 350 WONGAN ROAD, WONGAN HILLS

FILE REFERENCE:	P527/A624
REPORT DATE:	19/09/2022
APPLICANT/PROONENT:	Nathan Kelly
OFFICER DISCLOSURE OF INTEREST:	Nil
PREVIOUS MEETING REFERENCES:	Nil
AUTHOR:	Melissa Marcon – Manager of Regulatory Services
ATTACHMENTS:	Nil

PURPOSE OF REPORT:

Consideration and final determination of an application for R-Code Variation for the construction and use of two new outbuildings on Lot 350 Wongan Road, Wongan Hills.

Development approval is required due to a variation of the R-Code for a Rural Residential property.

BACKGROUND:

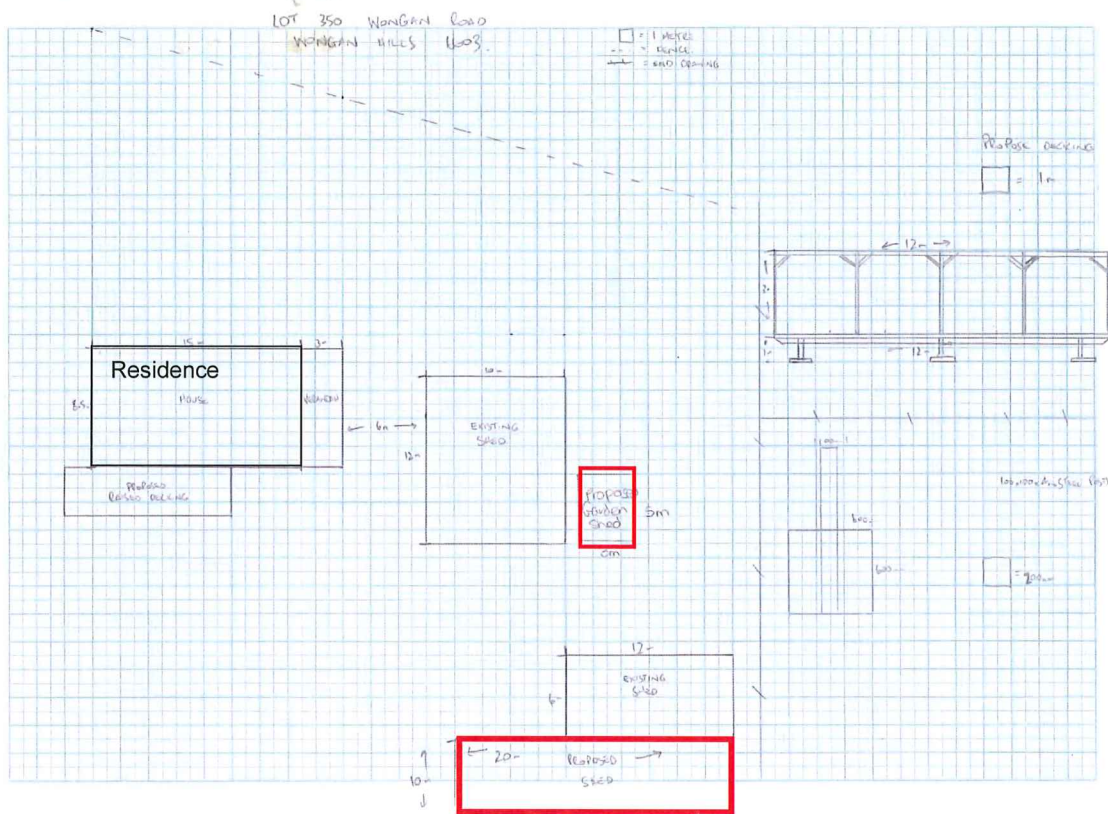

The applicant is seeking Council's development approval for the construction and use of a new 20-meter x 10-meter outbuilding and a 3-meter x 5-meter garden shed on Lot 350 Wongan Road, Wongan Hills.

Lot 350 Wongan Road, Wongan Hills comprises a total area of approximately 3.9482 hectares. The outbuilding will be used for storage and private use. The garden shed will be used to store gardening tools and equipment.

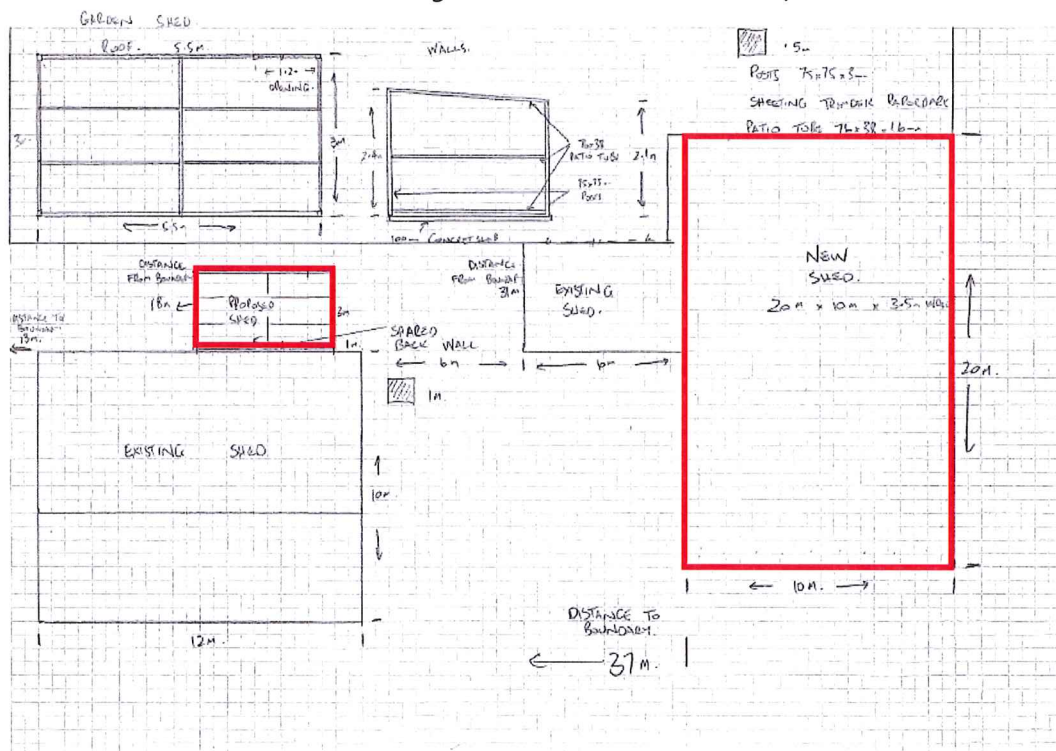

Bushfire Prone Area Map 20 September 2022

Site Location – Outbuilding and Garden Shed Location from Residence

Outbuilding and Garden Shed Specifications

The proposed development is not located in a Bushfire Prone Area and therefore does not require a Bushfire Management Plan with this application.

COMMENT:

The applicant would like to erect a new outbuilding and garden shed on Lot 350 Wongan Road, Wongan Hills. The outbuilding will be made from Colorbond material and measure 10-meter x 20-meter x 3.5-meter. The garden shed will be made from Trimdek sheeting – paperbark in colour measuring 3-meter x 5-meter. The proposed outbuildings will be installed towards the East side of the property.

Access to the proposed outbuildings will be via the existing driveway from Wongan Road. The proposed outbuilding (10-meter x 20-meter) is to be set back 37-meters from the east boundary fence, 200-meter from the south boundary fence, 140m from west boundary fence and 130m from the north boundary fence. It will have an eaves height of 3.5m and a ridge height of 4.3m.

The garden shed (3-meter x 5-meter) is to be set back 18-meters from the east boundary fence, 7-meter from an existing outbuilding on the west side and using west wall of an existing outbuilding as the back wall of the garden shed without being attached to it.

350 Wongan Road, Wongan Hills is classified 'Rural Residential' zone in the Shire of Wongan Ballidu Local Planning Scheme No. 5 (LPS5).

The Zone Objectives for the development and use of any land classified 'Rural Residential' zone are as follows:

- To provide for a lot sizes in the range of 1ha to 4ha.
- To provide opportunities for a range of limited rural and related ancillary pursuits on rural-residential lots where those activities will be consistent with amenity of the locality and the conservation and landscape attributes of the land.
- To set aside areas for retention of vegetation and landform or other features which distinguish the land.
- To discourage or prohibit development not compatible with the predominantly rural nature and residential amenity of the zone.
- To promote and encourage cluster subdivision and other innovative rural residential designs, having consideration for conservation values.
- To encourage the provision of vegetation and fauna corridors and the revegetation of the land to adequately protect any areas or sites of conservation value.
- To only permit development, and support subdivisions, in accordance with an approved structure plan.

The total area of the outbuildings the applicant is requesting, are outside the Deemed to Comply requirements under the R-Codes. The wall height requirements are also outside of the Deemed to Comply requirements for both proposed developments and therefore a variation to the R-Codes is requested.

PURPOSE OF REPORT:

Consideration and final determination of an Application for Development Approval for the construction and use of a new heavy vehicle workshop to the south east of the property at Lot 1 Wongan Road, Wongan Hills.

BACKGROUND:

The applicant is seeking Council's development approval for the construction and use of a new (HV) heavy vehicle workshop measuring 32.6 meters x 24.3 meters with a 32.6 meters x 6-meter apron to the south east of the existing workshop. There will be 20 m between the existing sheds and the proposed new development.

It is proposed that storm water runoff will be managed through a new open storm water retention basin located on the South West corner of the site. Storm water will be direct towards this basin through a combination of inground PVC and overland flow path measures.

Synergy 19/09/2022

Lot 1 Wongan Road, Wongan Hills comprises a total area of approximately 2.0234 hectares, the land contains an existing workshop, open front Shed and a front office.

The proposed building is not located within a designated bushfire prone area.

COMMENT:

At the Ordinary Council Meeting on the 22nd June 2022 a development application was presented as an agenda item to demolish the existing workshop and replace with a new light vehicle (LV) Workshop measuring 30 metres x 20.3 metres with a heavy vehicle (HV) workshop measuring 32.6 metres x 24.3 metres. The LV and HV workshops will be surrounded by an apron measuring 8 metres x 37.7 metres to the south and 17.4 metres x 30 metres to the west. The agenda item was approved by Council, resolution number 120622.

The applicants have changed the design and scope of works requiring a new development application.

The new application is for a separate heavy vehicle workshop building and associated drainage.

Development application P528 supersedes previous development application P519.

Lot 1 Wongan Road, Wongan Hills is classified 'General Industry' zone in the Shire of Wongan-Ballidu Local Planning Scheme No.5 (LPS5).

Council's stated objectives for the development and use of any land classified 'General Industry' are as follows:

- To provide for a broad range of industrial, service and storage activities which by their operations, should be isolated from residential and other sensitive land uses.

- To accommodate industry that would not otherwise comply with the performance standards of light industry.
- To seek to manage impacts such as noise, dust and odour within the zone.
- To encourage any development to be appropriately screened from the main road.
- To provide a location where separate heavy vehicular access is provided.

Under the terms of the Zoning Table in LPS5 the proposed use/s currently fall under

- Warehouse/Storage
- Motor vehicle repair
- Industry

These uses are listed as a 'P' use in the Zoning Table. Under Clause 3.3.2 a 'P' use means that the use is permitted if it complies with any relevant development standards and requirements of this Scheme.

Council is reminded of Clause 3.3.5 of the LPS5 that reads;

If a use of land is identified in a zone as being a class "P" use, the local government may not refuse an application for development approval for that use in that zone but may require works that are to be undertaken in connection with that use to have development approval.

Due to the proposed building being over 500m² in size the application will need to be referred to DFES for comment once the building is near its final design. FES Commissioners Operational Requirements comes under the Building Regulations 2012 clause 18B. The submission is lodged by the certifying Building Surveyor via electronic submission form prior to the documents being uploaded via a secure link provided by DFES once the submission form is received. If the applicant wishes to approach DFES for design advice this should be done prior to the submission being lodged.

The proposal is compliant with the minimum setback requirements.

There is no change in the hours of business operation proposed with this application.

The application has been assessed with due regard for the specific objectives and standards of the Shire's local planning framework including LPS5 and the Deemed Provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

The development application has been assessed in consultation with the above documents and is subject to compliance with a number of conditions. As such it is recommended Council exercise its discretion and grant conditional approval to the application to ensure the development proceeds in accordance with the information and plans submitted in support of the proposal and the relevant standards and requirements of the Shire's local planning framework.
