

What's New in the Shire of Wongan-Ballidu?

DOG REGISTRATION

The Dog Act 1976 contains a range of measures to improve community safety, encourage responsible dog ownership, enable nuisance behaviour to be more effectively dealt with and to recognise assistance dogs. Amendments to the Dog Act 1976 requires that effective 1 November 2015, all dogs must be microchipped. Dog owners within the Shire of Wongan-Ballidu must ensure that their dogs are registered and microchipped by the time they are three months old.

Registrations expire on 31 October of each year and can be obtained for a period of one or three years, or for the lifetime of the pet.

Please head into the Shire office to renew your dog's registration if it is due to expire this year.

CAT REGISTRATION

The Cat Act 2011 was introduced by the State Government to encourage responsible cat ownership and to reduce the number and unnecessary removal of unwanted cats across Western Australia.

Effective 1 November 2013, all cat owners must ensure that by the time the animal is 6 months old they:

- Have their pet micro-chipped and wearing a collar with registration tags (for identification purposes if the animal is lost or injured).
- Ensure their pet is sterilised (unless prior approval is received from the Shire to breed the animal).
- Ensure their pet is registered with the Shire of Wongan-Ballidu.

Registrations expire on 31 October of each year and can be obtained for a period of one or three years, or for the lifetime of the pet.
