

WELCOME BACK

Happy New Year. We look forward to working with our community throughout 2024 to complete the projects set out in our current budget working towards the goal in our Community Strategic Plan.

FOOTPATH WORKS

In accordance with Council's 10 Year Footpath Plan, a new concrete shared footpath has been scheduled for construction on Ellis Street & Mitchell Street. The commencement of work is set for Monday 29th of January 2024, with the project expected to span over a period of two weeks minimum.

There may be minor disruptions to vehicular access on these roads during this period and we can ask for the first 48 hours after the concrete is laid, that heavy vehicles avoid driving across the newly constructed footpath. This precaution is recommended by our contractors to ensure the proper curing of the concrete.
