

COMMUNITY DEVELOPMENT FUND GRANTS NOW OPEN!

The Shire of Wongan-Ballidu has a proud history of working in partnership with the community. One of the ways Council supports and empowers community groups is through the annual Community Development Grants program, which delivers funding for projects that:

- Reflect our community's priorities and vision, as set out in Council's Strategic Community Plan.
- Strengthen communities and provide opportunities for enhanced participation in public life and community groups.
- Provide benefits to the local community and;
- Contribute to the social, cultural, environmental and economic development of our community.

CDF grants are provided to support participation and facilitate projects, events and improve facilities in alignment with the recreational, social and cultural needs of our community. Council invests significantly in this annual program and is proud to have supported projects that deliver to our community through the CDF Program.

Guidelines and application form available at:

Cadoux Community Wellbeing Event which was proudly supported by the Community Development Fund 2023/2024

CORELLA MANAGEMENT

The Shire of Wongan-Ballidu contracted West Australian Field & Game Association to carry out a corella cull for the management and control of corellas within our area. This management strategy is in place for pest control due to the damage and impact on social and environmental issues caused.

On the dates of 3-4th February, West Australian Field & Game Association successfully culled 125 corellas. The Shire will continue to look into and investigate long term management options.
