3. PUBLIC QUESTION TIME

Mr Peter Ducker, Mrs Claire Ducker and Ms Joanne DiLoreto attended the Council and asked questions in relation to the Item 9.4.1, "Proposal to Amend Shire of Wongan-Ballidu Local Planning Scheme No 5".

Claire Ducker: Question 1

Mrs Ducker read the following statement from the Statewest Planning report aloud: "the current 'General Industry' zoning of Lot 178 is inconsistent with the current land use, which is a Service Industry." How does this use not fit within the permitted land use for a General Industry Zone, when the Shire's Town Planning Scheme No 5 allows?

Answer: The President requested that the Chief Executive Officer (CEO) respond. The CEO advised that the land use of 'Service Industry' is an 'X' use (not permitted use) in General Industry zone as

shown in the Zoning Table. The Act allows for any land holder to request any rezoning. The use is irrelevant at this point in time as there is no Planning Application. The proponent is requesting a rezoning of Lot 200 from General Industry to Light Industrial, and rezoning of Lot 178 from Rural Residential to Light Industrial. The Shire of Wongan-Ballidu is of the view that the current use of Lots 200 and 178 fit within a Light Industrial Zone.

Peter Ducker: Question 1

The Town Planning Scheme No 5 says that a Service Industry is okay in a General Industry Zone. Why are the landholders requesting it be rezoned?

Answer: The CEO stated that Light Industrial is a lighter land use than General Industry, and it is the proponent's choice as to what rezoning is requested, not the Shire's.

Claire Ducker: Question 2

The Statewest Planning Report states that the current zoning of Lot 178 and Lot 200 is inconsistent with a General Industry Zone. I do not believe that this is correct. Can this report be changed?

Answer: The CEO stated that it is the proponent's choice as to what rezoning is requested, not the Shire's. If further research determines that this statement is incorrect it will be corrected by the proponent.

Claire Ducker: Question 3

How does 'Light Industrial' have a lesser impact on land use?

Answer: The CEO advised that as Lot 200 is on a separate title, the land owner could conceivably develop another Industry. This Industry could have a use that would have far more impact on the land and surrounding residents under the 'General Industry' zoning than the 'Light Industrial' zoning. The CEO advised that from the Shire's perspective, the Shire would prefer for both Lots to be rezoned at Light Industrial to maintain consistency and limit the "use" of the land that fits into the 'Service Industry' land use.

Peter Ducker: Question 2

Do the other Machinery Dealerships in Wongan Hills need to apply for a rezoning?

Answer: The CEO advised that other Machinery Dealerships in Wongan Hills did not need to seek a rezoning, as the Light Industrial Zone did not exist within Town Planning Scheme No 4, under which these other Dealerships were established, these are considered a 'non conforming' use and can operate as normal under the new TPS No 5. The 'Light Industrial' zone did not exist under TPS No 4.

Joanne DiLoreto: Question 1

I have here a copy of the Government Gazette on 24 October 2017, in which the Shire of Wongan-Ballidu Local Planning Scheme No. 5 was published. Page 5386 lists Objectives from each Zone, and includes the statement 'the development is suitably set back, screened or otherwise treated so as not to detract from the residential amenity' and 'to preclude the storage of bulky and unsightly goods where they may be in public view'. How will this be managed by the Shire?

Answer: The CEO stated that in terms of this current Agenda Item, this is a Rezoning proposal only. If this proposal is successful, and a Development Application is received at a later date for that rezoned land, Council is able to condition the Development with conditions such as noise and dust mitigation measures in line with the above, for example ground covers, shrub and tree screens and buffer zones.

9. REPORTS OF OFFICERS AND COMMITTEES

9.4 HEALTH, BUILDING AND PLANNING

9.4.1 PROPOSAL TO AMEND SHIRE OF WONGAN-BALLIDU LOCAL PLANNING SCHEME 5

FILE REFERENCE:	D3.4
REPORT DATE:	8 November 2017
APPLICANT/PROPONENT:	Statewest Planning
OFFICER DISCLOSURE OF INTEREST	Nil
PREVIOUS MEETING REFERENCES:	Nil
AUTHOR:	Stuart Taylor – Chief Executive Officer
ATTACHMENTS:	Statewest Scheme Amendment Document

PURPOSE OF REPORT:

To present to Council a proposal to amend (Scheme Amendment No 1) the Shire of Wongan Ballidu Local Planning Scheme No 5 to allow for the rezoning of

- a) Lot 200 Wongan Road, Wongan Hills from 'Rural Residential' to 'Light Industry', and
- b) Lot 178 Wongan Road Wongan Hills from 'General Industry' to 'Light Industry'

BACKGROUND:

In 2014 McIntosh and Sons bought lot 178 Wongan Road, Wongan Hills Zoned 'Industrial' for the purpose of relocation of their machinery dealership and service centre from the Townsite to the main road on the edge of the Wongan Hills Townsite adjacent to similar existing dealerships on similar Zoning. McIntosh and Sons then sought to purchase and subdivide on the southern side of this lot, and as a result lot 200 was created and came under the ownership of McIntosh and Sons in 2017.

The purpose of the purchase and subdivision is to incorporate the land into the dealership and Service centre, therefore the request for the Scheme Amendment.

COMMENT:

Statewest Planning have prepared scheme amendment documents to reclassify

1. Lot 200 Wongan Road, Wongan Hills from 'Rural Residential' to 'Light Industry', and
2. Lot 178 Wongan Road Wongan Hills from 'General Industry' to 'Light Industry'

And amend the scheme map accordingly pursuant to section 75 of the Planning and Development Act 2005.

As Lot 200 was zoned 'Rural Residential' under the provisions of the previous Town Planning Scheme No. 4 (TPS No.4), application was made to rezone the property to 'Industrial' by Statewest Planning in a letter dated 25th July 2017.

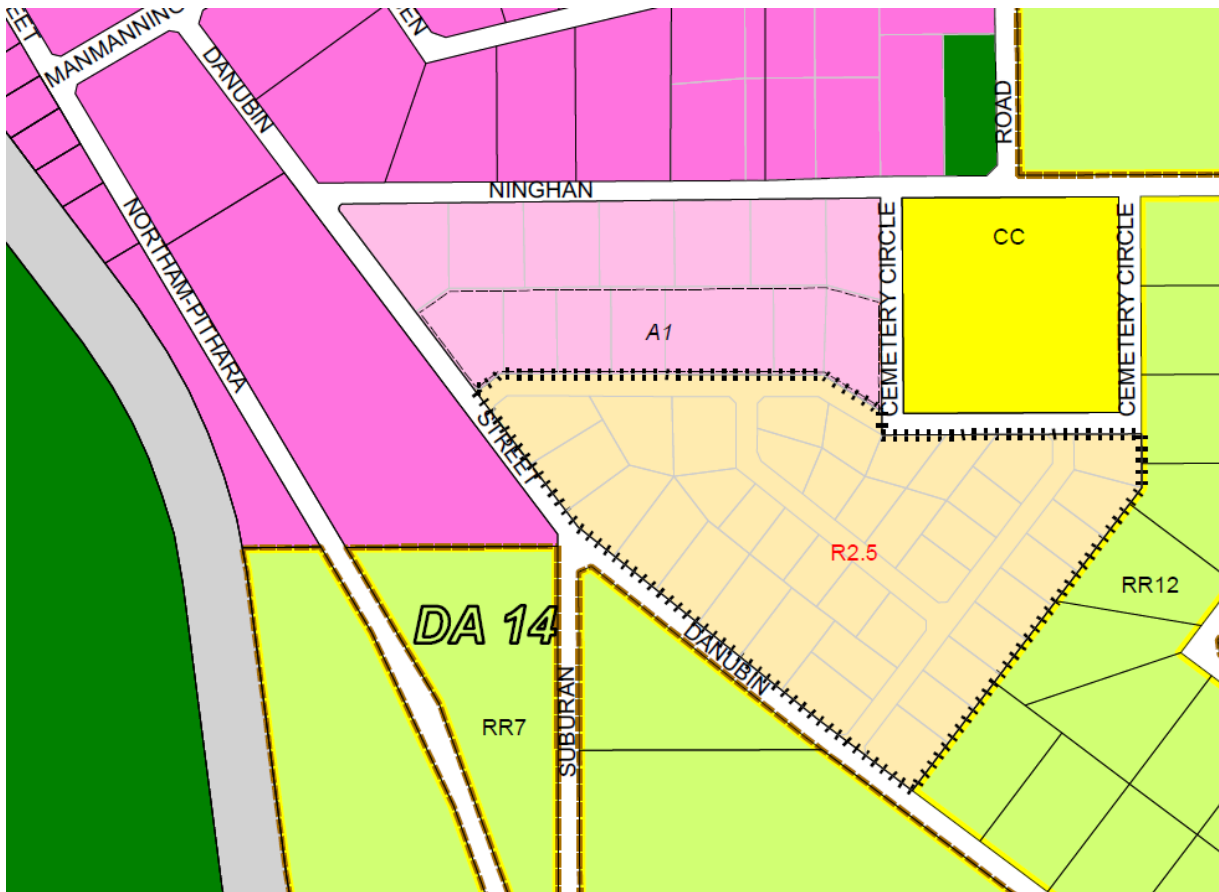

Because TPS No.4 was about to be replaced with the new Local Planning Scheme No.5 (LPS No.5), the WAPC requested that the rezoning be deferred until the new scheme had been finalised. LPS No.5 was subsequently gazetted on October 24th 2017.

The original Amendment proposal was to seek an amendment of LPS 5 for lot 200 Wongan Road, Wongan Hills from 'Rural Residential' to 'Industrial'

LPS 5 does not support the 'use' of Service Industry in a 'General Industry' Zone, instead LPS 5 now includes the Zoning of 'Light Industry' which incorporates the use of 'Service Industry' as this zone is considered to have a far lesser impact from a land use point of view than General Industry.

Lot 178 is zoned 'General Industry' and Lot 200, together with surrounding land to the east, west and south, have retained their 'Rural Residential' zoning.

The Land immediately to the east of lot 200 is Zoned Light Industry and Residential

The above plan shows a Scheme amendment previously approved under Town Planning Scheme No 4, that incorporates 'Light Industry' zone adjacent to 'Residential' zoned land, as such it is consistent to seek an amendment to change the Zoning of lot 178 from 'General Industry' to 'Light Industry' and to rezone lot 200 to 'Light Industry'

The Shire's Local Planning Strategy (LPS) recommends provision of land to meet the demand for service industry adjacent to the town centre and Ningham Road area. A transition from general industry to service/light industry is recommended.

It is considered such a zoning will be more compatible with the existing surrounding light Industry, rural residential, and residential land use as uses are only permitted where *"impacts on the amenity of the surrounding area can be mitigated, avoided or managed."*

1. The Amendment is consistent with the Shires Local Planning Strategy:
 - a. That aspires to be a sustainable community and meet the needs of current and future generations though, inter alia economic prosperity.

- b. For the town of Wongan Hills to remain the focus for the development of commercial activity in the Shire and provide for employment
 - c. That enables response to change and development opportunities that arise.
2. The Amendment will have minimal impact on land in the Scheme area that is not the subject of the Amendment.
 3. The Amendment will not result in any significant environmental, social, economic or governance impacts on land in the Scheme area.

Council is required to consider the submissions received following public advertising and referral to public authorities and determine whether to support the local planning scheme amendment.

POLICY REQUIREMENTS:

There are no policy requirements in relation to this item.

LEGISLATIVE REQUIREMENTS:

Scheme amendments undergo a statutory process in accordance with the *Planning and Development Act 2005* and *Planning and Development (Local Planning Schemes) Regulations 2015*.

Section 75 of the *Planning and Development Act 2005* allows a local government authority to amend its local planning scheme with the approval of the Minister for Planning. Section 81 of the Act requires a local government to refer an adopted local planning scheme amendment to the Environmental Protection Authority to determine if it should be assessed.

Regulation 50(3) of the *Planning and Development (Local Planning Schemes) Regulations 2015* allows Council to adopt a standard scheme amendment for advertising and referral to relevant public authorities.

STRATEGIC IMPLICATIONS:

When exercising its discretion in relation to planning matters, the relevant Strategic Document is the *Shire of Wongan Ballidu Local Planning Strategy*.

SUSTAINABILITY IMPLICATIONS:

- **Environment**
There are no known environmental implications associated with this item.
- **Economic**
There are no known economic implications associated with this proposal.
- **Social**
There are no known social implications associated with this item.

FINANCIAL IMPLICATIONS:

There are no known financial implications in relation to this item for Council in initiating this Scheme amendment.

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED: NO

STAFF RECOMMENDATION:

That Council initiates the proposed Town Planning Scheme No 5 Scheme Amendment No 1.

MOTION: MOVED Cr Stephenson / Cr Hasson

That Council, pursuant to section 75 of the *Planning and Development Act 2005* and Part 5, r.35 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, resolves to:

1. PREPARE Amendment No. 1 to amend Shire of Wongan Ballidu *Local Planning Scheme No. 5* by: Rezoning lot 178 and lot 200 Wongan Road to ‘Light Industry’

Note: The amendment is a standard amendment in accordance with part (a), (b), (e) and (f) of the standard amendment definition contained in Regulation 34 of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

2. ADVERTISE the Amendment No. 1 in accordance with Part 5, r.47 of the *Planning and Development (Local Planning Schemes) Regulations 2015*

**CARRIED: 6 / 0
RESOLUTION: 031217**

The President thanked Mr Ducker, Mrs Ducker, Ms DiLoreto and Mr Ryan for their time and their attendance.

Mr Ducker, Mrs Ducker, Ms DiLoreto and Mr Ryan left the Chambers at 3.22pm.

9.1 GOVERNANCE

9.1.1 ABOLITION OF THE NINAN LAND CONSERVATION DISTRICT COMMITTEE (LCDC)

FILE REFERENCE:	CA3.4.5
REPORT DATE:	1 December 2017
APPLICANT/PROPONENT:	Department of Primary Industries and Regional Development
OFFICER DISCLOSURE OF INTEREST	Nil
PREVIOUS MEETING REFERENCES:	Nil
AUTHOR:	Stuart Taylor – Chief Executive Officer
ATTACHMENTS:	Nil

PURPOSE OF REPORT:

To seek Council's endorsement of the abolition of the Ninan Land Conservation District Committee (LCDC).

BACKGROUND:

The Department of Primary Industries and Regional Development have written to the Shire, advising that this committee's members terms of appointments ceased on 30 September 1999, and as such the LCDC ceased to exist as at that date.

The Minister now seeks to wind up the LCDC.

One of the steps required for the proposed wind-up is for each Local Government within the district to support the abolition of the LCDC.

COMMENT:

We are advised that the Minister is proposing the wind-up due to the lack of response to their request for a generational change to the committee, no new projects forthcoming, original plans largely achieved and most people winding down tree planting.

POLICY REQUIREMENTS:

There are no policy requirements in relation to this item.

LEGISLATIVE REQUIREMENTS:

The power for LCDCs comes from the Soil and Land Conservation Act.

STRATEGIC IMPLICATIONS:

There are no strategic implications in relation to this item.

SUSTAINABILITY IMPLICATIONS:

➤ Environment

The proposal to abolish the LCDC may have an adverse impact on raising awareness and on ground land care activities unless a regional or whole of shire approach can redress the situation.

➤ Economic

There are no economic implications in relation to this item

➤ **Social**

The proposal has the potential to affect the interaction of localities and the way farmers and farming families socialise. The advice of the LCDC is possibly an indicator of reduced farming families (declining rural population), volunteer burnout, farmers doing their own thing with respect to land care practices and disinterest due to frustration at processes and lack of funding.

FINANCIAL IMPLICATIONS:

There are no financial implications in relation to this item.

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED: No

MOTION: MOVED Cr West / Cr Hasson

That Council not object to the abolition of the Ninan Land Conversation District Committee.

Shire of Wongan-Ballidu
Variance Report for November 2017

The Local Government (Financial Management) Regulations 1996 require that financial statements are presented on a monthly basis to council. Council has adopted 10% as its threshold for line items on the nature and type report shown on page 1. This report uses a traffic light system to flag those items that are within tolerance and others that fall out of the range. Variances are calculated using a comparison of year to date actual against year to date budget. It needs also to be noted that the early months of the financial year are a period when variance percentages are volatile and extremely sensitive to small movements in actual income and expense.

Code	Report Section	Comments
Operating Income		
0	Grants Operating, Subsidies & Contributions	Operating Grants received is lower than what Council expected to receive at this time of the year. This variance is a timing variance.
x	Non-Operating Grants, Subsidies & Contributions	The Shire has received funding for roads capital works projects and they were budgeted to be received later in the financial year. This is a timing variance only as the funds were budgeted to be received this year.
x	Other Revenue	The Shire has received re-imbursments that were not budgeted for or planned for this financial year. (eg workers compensation) The budget will be amended in the mid-year budget review to reflect the income that has been received.
0	Interest	Interest Received on Investments is always recognised as income when the term deposit matures. The monthly budget is 1/12 of the Annual Budget. The Variance is due to the year-to-date budget not accurately reflecting the timing of receiving the interest earnings on investments and it is very difficult to predict interest earnings as term deposit maturity dates are determined at the time of investment.
Operating Expenditure		
0	Materials & Contracts	There are some individual line items that are under-budget mainly because of the timing of programmed works or activities. There are minor variances within many accounts in this category, adding up to a under budget variance.
x	Utilities (Gas, Electricity) etc	Utility charges are slightly over budget, this is timing variance as the Shire has received the annual water charges.
0	Interest	The shire had budgeted for interest expenditure for the new self-supporting loan that was budgeted for this financial year. This loan was only drawn down in October and November. This will be corrected in the mid-year budget review.
x	Insurance	The shire pays its insurance instalments in 2 instalments, the first in July and the second instalment in November. This variance is a timing issue and will be corrected in the mid-year budget review.
0	Other General	The line item for Community Grants is under budget. The budget predicted that more payments would have been made by the end of November. This is a timing issue as payments are being made to community groups.
x	Loss on Asset Disposals	This is a timing variance, changeovers of fleet and plant have commenced and there are always variations to budget due to many factors including timing in the budget, trade in variances to budget etc. The overall program is in-line with budget expectations and this will be reviewed in the mid-year budget review.
0	Depreciation	When preparing the 2017/18 budget, depreciation was estimated on the value of the assets at the time (some classes of assets were revalued at the 30 th June to reflect their fair value) and with the change in values, and updated depreciation rates the monthly charge is different to the budget. This will need to be reviewed and updated in the mid-year budget review.

Code	Report Section	Comments
Capital		
0	Land & Buildings	The Capital program for the 2017/18 year has commenced. The difference in the actual expenditure to budget is a timing issue.
0	Plant	The plant replacement program has commenced with the acquisition of the Prime Mover. There has been unbudgeted expenditure on the refurbishment of a water tank (carried forward from 16/17) and the replacement of the pump and motor at the Swimming Pool. These unbudgeted items will be included in the mid-year budget review.
0	Infrastructure Other	This is for the construction of a water pipe to the airport and the purchase of street furniture. These projects have not commenced as yet.
0	Infrastructure Roads	The road construction program has commenced and this difference to budget is a timing issue only.

9.3.1 PROPOSAL TO REQUEST CHANGE OF SPEED LIMIT: NORTHAM-PITHARA ROAD

FILE REFERENCE:	T1.3.4
REPORT DATE:	8 December 2017
APPLICANT/PROPONENT:	Shire of Wongan Ballidu
OFFICER DISCLOSURE OF INTEREST	Nil

AUTHOR:	Karl Mickle - Manager of Works & Services

PURPOSE OF REPORT:

The purpose of this report is to present to Council a request from Tidy Towns Committee for a speed zone reduction on the Northam Pithara Road (Wongan Road) on both sides of the Wongan Hills Townsite.

BACKGROUND:

At the Council meeting held on 22nd November 2017, Tidy Town's representatives, Amanda Chapman and Bruce Mitchell presented to Council a proposal for entry statements on the Northam Pithara (Wongan Hills Road) on the north and south entrance to the Wongan Hills townsite, and also the Calingiri-Wongan Hills Road on the west side of the Wongan Hills Townsite. The west side entry statement on the Calingiri-Wongan Hills Road is dependent on the amount of funds available for the project.

COMMENT:

Tidy Towns Committee have requested Council engage with Mainroads WA to seek a review of the speed zones on the approaches to town where the entry statements will be located. This together with the new McIntosh facility located on Wongan Road would support speed reductions on the Northam-Pithara Road at both ends of the Wongan Hills Townsite in particular the south side of town.

I have met with a representative of the Tidy Towns committee on site and have reviewed Tidy Towns request for the proposed speed zone changes, and support this request based on the above information.

Map attached with proposed locations of entry statements and speed signs.

9.5.1 WONGAN HILLS RECREATION GROUND REDEVELOPMENT - BBRF

PURPOSE OF REPORT:

Council to approve and commit financial funds for the 2018/19, 2019/20 and 2020/21 financial years to support the Building Better Regions Fund grant application for the Wongan Hills Recreation Ground Redevelopment Project.

BACKGROUND:

The Shire of Wongan-Ballidu engaged MCG Architects in 2015 to undertake concept drawings of for the redevelopment of the Wongan Hills Recreation Ground. In August 2017 the concepts progressed to final drawings and an Opinion of Probable Costs was provided by quantity surveyors Borell Rafferty Associates at the same time.

The Redevelopment Project is estimated to cost \$6,609,653 (ex gst). With the Shire contributing \$989,758 in-kind (primarily External Works), this reduces the cost of the Project to \$5,362,558 (including a reduction in contingency costs due to the in-kind contribution).

Round 2 of the Building Better Regions Fund is a funding source that can match infrastructure projects \$ for \$ as long as the applicant has secured committed funding already to make the matching contribution. The funding round 2 closes on the 19 December 2017. Projects must be completed by December 2020.

COMMENT:

The proposed financial funding strategy would only take effect as a result of a successful grant application for the Building Better Regions Fund that is expected to be announced prior to June 2018.

If the Shires grant application for the Building Better Regions Fund was unsuccessful the Project would be reviewed and staged over a number of years to eventually deliver the required project and outcomes.

The Project would commence in July 2018 with construction starting in October 2018 and a completion date of November 2020.

Community cash contributions that have been committed equate to \$360,000.

POLICY REQUIREMENTS:

There are no known Policy implications associated with this item.

LEGISLATIVE REQUIREMENTS:

Local Government Act 1995.

STRATEGIC IMPLICATIONS:

The Project aligns with the first goal of the framework – a healthy, supportive and safe community:

- Sport, recreation and leisure opportunities that encourage community participation
 - Promote sport, recreation and leisure facilities and programs
 - Maintain and improve sporting and recreation facilities
 - Investigate colocation of sporting facilities in Wongan Hills and funding options in consultation with sports clubs

The Shire's planning has consistently supported the concept of co-location for sporting infrastructure. The Facility will co-locate four additional clubs, providing infrastructure for the four sports as well as capacity for additional regional sporting and community activities, thus becoming a true community hub. It will also be more convenient and cost-effective to maintain than allocating funding to multiple aging buildings that require significant ongoing repairs and maintenance.

SUSTAINABILITY IMPLICATIONS:

- **Environment**

This Project will co-locate a number of sporting groups and revitalise existing infrastructure which is currently not meeting community needs or expectations. The main facility will encompass water and energy saving initiatives where possible.
- **Economic**

This Project will deliver substantial economic benefit to the Shire by way of short and long term job creation, tourism growth and indigenous economic participation. A Cost Benefit Analysis has been undertaken and evidences the positive impact of this Project.
- **Social**

Significant social benefits will be achieved from delivering this Project and have also been quantified and evidenced in the Cost Benefit Analysis.

FINANCIAL IMPLICATIONS:

Councils commitment would be \$1,700,000 of loan funds already applied for and \$621,279 from the Sporting Colocation Reserve Account with current balance of \$754,380.00. The funds are to be allocated in the 2018/19, 2019/20 and 2020/21 financial years.

Councils total committed contribution over the three financial years would be \$2,321,279 and with community contributions of \$360,000, this would meet the matching contribution required for the BBRF, therefore a grant of \$2,681,279 would be sought, equalling \$5,362,558.

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED: YES
